PICK OF THE WEEK

Bernadette

St. Bernadette and the Apparitions of Our Lady of Lourdes

Shot on location in France, this film is highly recommended by the Vatican as a “sensitive portrayal of a very moving story that deserves a wide audience,” and was chosen to be shown daily at the shrine in Lourdes to retell the epic story.

When a new store or restaurant opens in the area, there can be quite a buzz. People want to see what the place is like. If the establishment is lucky, a positive word of mouth can spread all over the area. The challenge then becomes keeping that buzz alive. If people start to think that the new place is not as good as advertised or they had hoped, the crowds will dwindle and soon the new place will simply become an old place. Even worse, it could become a closed place.

If you were a store owner, what would you do to attract people? Would you always put your best foot forward? How hard would you work to show everybody that your place is worth repeated visits and patronage?

You may not be an entrepreneur with your own business, but you do have your parish community. This is your community and what you do and how you act in the world around you will either add to a buzz or a lack of interest. How you use the gifts you and your community have been given will do a lot to attract people and cause them to talk. You will be like a city on top of a mountain that no one can miss. Can your light shine so bright that it can be seen from miles around? You may be only one person, but you are a part of something greater than yourself. Your stewardship can easily become contagious. At a time when too many are choosing to disregard the Church, it is time to create a positive buzz.
